Your curls. Simplified.

Hi, I'm Sarah.

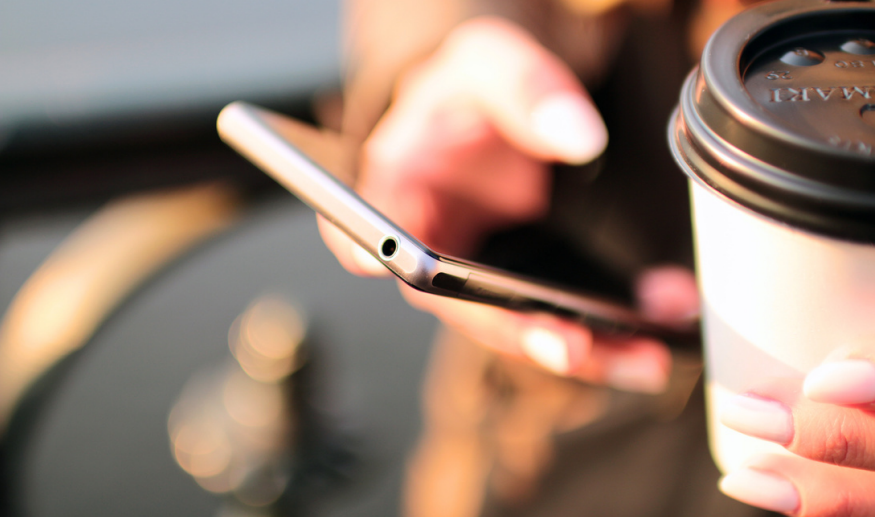

I'm a curly girl and Saginaw native who's proud to serve our Mid-Michigan community. I understand firsthand just how challenging it is to find a stylist you can trust with your curls - which is exactly why I built Haven the way I did.

A curl service with me is different from any other salon experience you've had. You're not getting a generic haircut - you're getting a genuine partnership with someone who knows what it's like to struggle with curls, who meets you exactly where you are, and who's committed to equipping you with the confidence and tools to care for your curls in your real life.

Together, we'll reveal the health and beauty of your curls and simplify how you care for them. No overwhelm. No complicated routines. Just real curl care from someone who gets it.

When I'm not behind the chair, you'll find me with a good cup of coffee (or hand-crafted latte!), walking my dog, enjoying time with family and friends, or recharging at home with faith, family, and cooking real food.

I'm so glad you chose to partner with me on your curl journey. I can't wait to meet you.

Pre-Visit

You'll receive a text requesting for you to confirm your appointment 72 hrs before your visit, and a reminder text 24 hrs before your visit.

Have a question? You can reach me anytime at sarah@havencurlco.com and I will respond within 24 hours.

Between Appointments

Established Haven guests get exclusive access to the Loyal Guest Digital Lounge with monthly tutorials, resources, first booking access, and direct support from me.

Settle In

My private suite is designed for your comfort and connection - a cozy space where you can relax and be yourself. Hospitality is genuinely my love language, so you'll be welcomed with a hand-crafted latte made just for you (or Diet Coke if that's your coffee!), thoughtful snacks, and amenities that make you feel taken care of.

This isn't just a salon appointment. It's an experience built around you feeling completely at home, completely understood, and completely cared for.

YOUR FIRST VISIT

1 Please plan to arrive a few minutes before your scheduled visit.

2 Upon entering Sudara Suites, you will climb a short flight of stairs. You will find Haven Curl Co. located within the B Suites building, upstairs on the left.

3 Feel free to take a seat and relax in our lounge while you wait for your appointment. I will greet you and show you to my private suite when I am ready for your service!

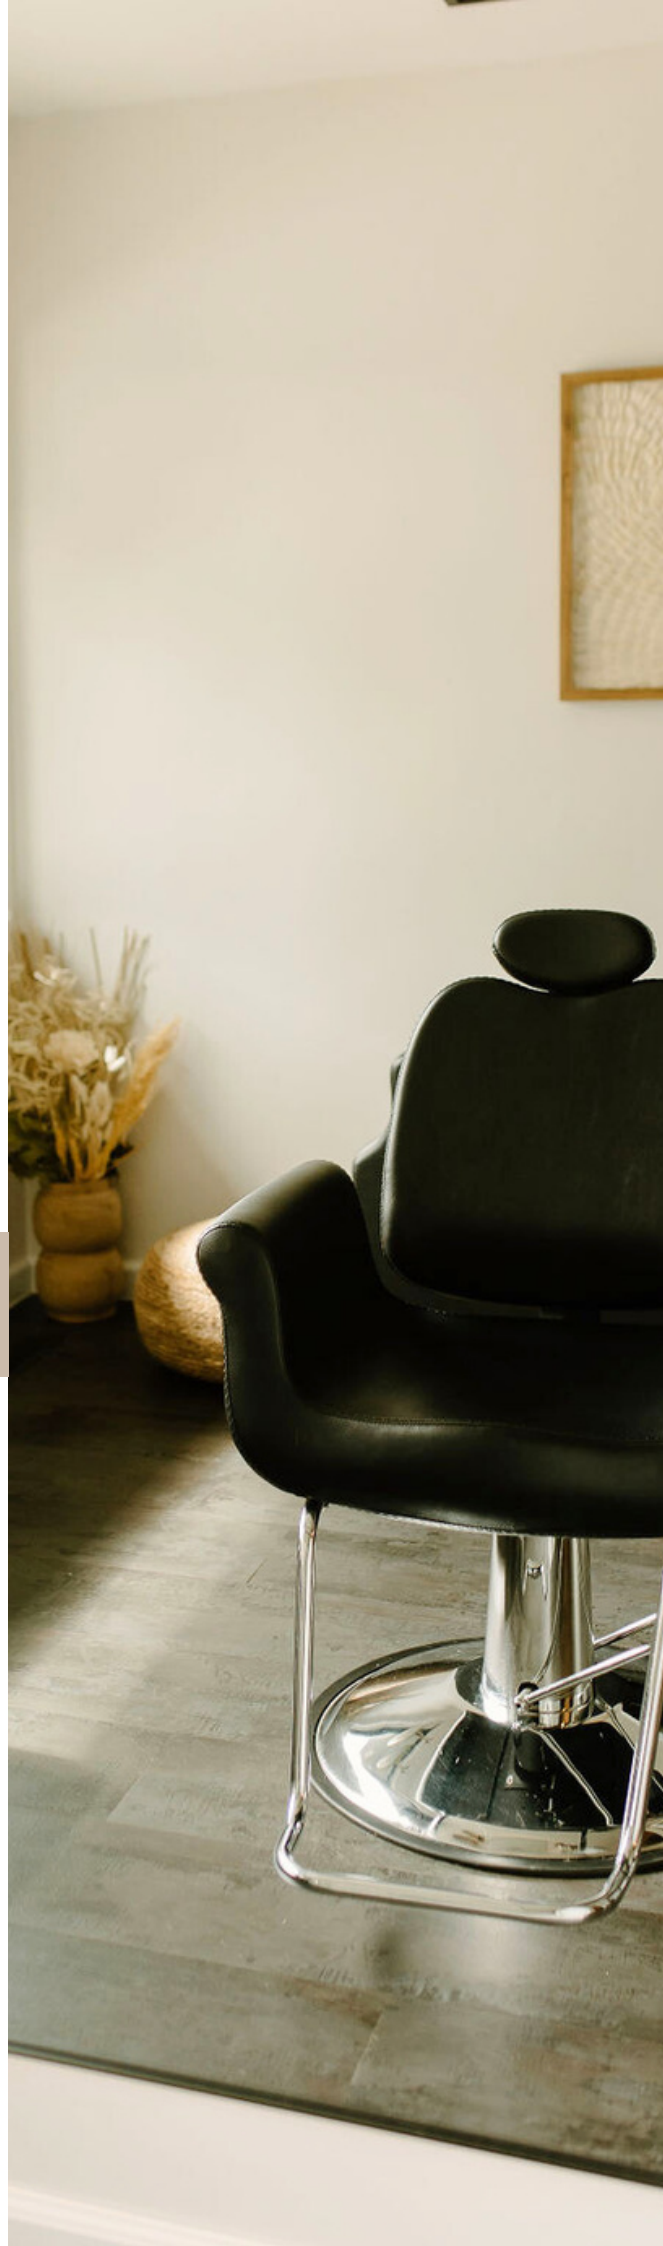

4 In order to ensure the most comfortable and educational experience possible, I ask that all adult guests come alone to their appointment. Children and teen guests are welcome to bring one adult to learn with us!

A consultation like
you've never experienced before.

Nervous? I get it. I'm here.

Haven was built around three things: your comfort, genuine communication, and real connection. From the moment you arrive, our consultation is designed so you feel heard, understood, and excited about what's ahead.

Together, we'll use the Haven Curl Method to address your unique cut, care, and styling needs. You'll leave feeling genuinely cared for, equipped with confidence, and ready to care for your curls with ease.

PREP FOR SUCCESS

The best curl cuts happen when I can see your hair exactly as it really is - and that means dry, naturally styled curls.

When you arrive, I want to see your true curl pattern so I can give you a cut and guidance that genuinely supports how your hair works.

Please arrive with your hair: washed, styled in your natural texture as you wear it daily, and completely dry. Light product is totally fine, just skip the clips or ponytail marks so I can see your curl pattern clearly.

This is how we make sure your curls feel their absolute best.
